## VISION TERMINAL WITH HANDSET

Keep an eye on everything around. With The Vision Terminal you can keep a sharp vigil without having to step out of your home. With an advanced Display Unit, it clearly displays your surroundings. Loaded with other features this unit is good enough to be called the Commando of your home. A Communication and monitoring unit in each house displays the building entrance, lobby, and flat entrance at all times. You can also have a 3 Layer of Video Security.

The high density 4" B & W CRT or COLOUR TFT LCD screen with Contrast and Brightness Control displays a crystal clear image of the visitor.

Further, intercom to all other extensions can be handled from the same unit.

So you are connected with everyone.

It also provides total security inside each individual apartment.

| Humidity | 45% upto 95% |
| Mount Type | Wall Mount type |
| Dimension | 220mm (h) x 210mm (w) x 40mm (d) |

## 4 ZONE SECURITY SYSTEMS

The 4 zone security system is connected to sensors like Gas leakage, Fire detection, Magnetic switch, Panic button or PIR in each zone in the house. In case of emergency, the moment it detects a sensor activation signal, it transmits the respective flat number and zone indication along with loud alarm to the main security.

### Panic Switch

Pressing the panic button or code will notify a situation of panic and an emergency hooter will turn ON along with the number of the extension will be displayed on the digital display unit.
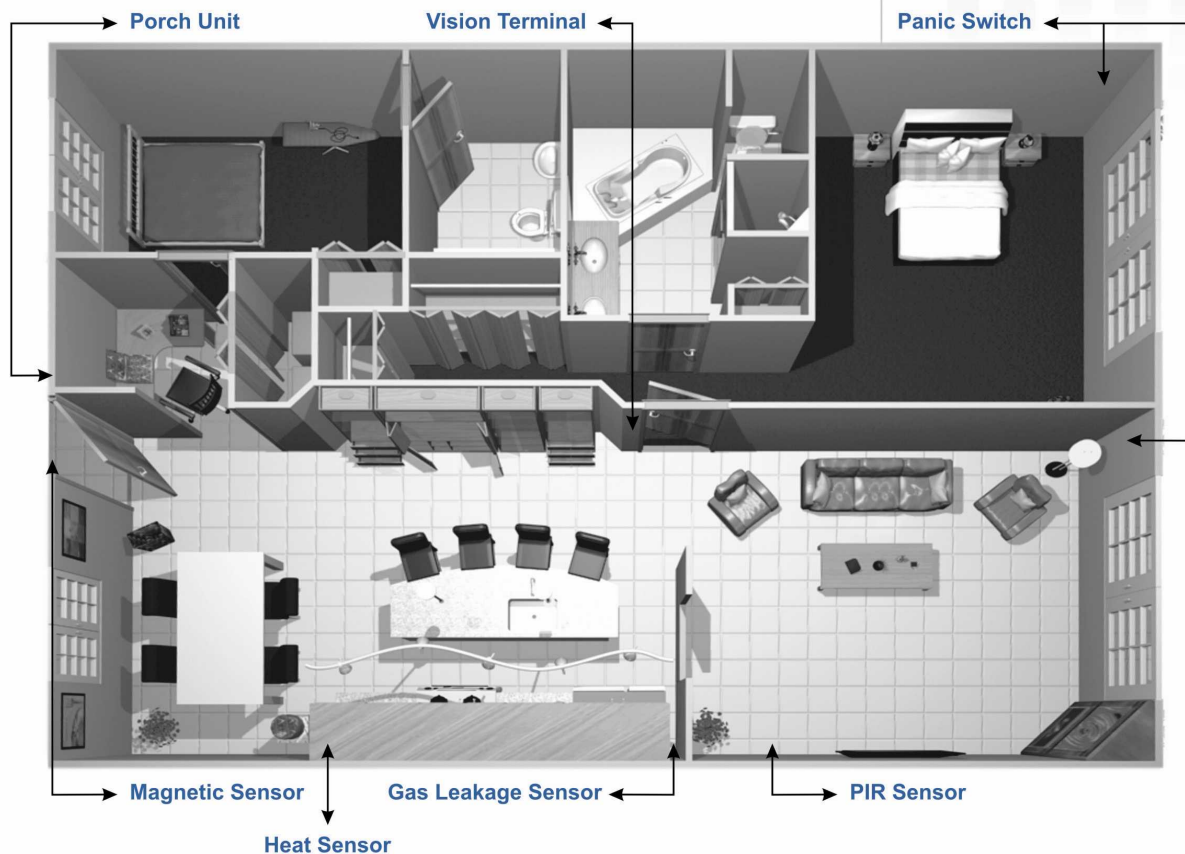

### Cable Tamper Alarm

In case any cable of sensor is cut, the unit gives an immediate indication of the flat number and activates a siren. Making your security tamper proof!

### Porch Unit

The Porch Unit has a call bell, either B & W or colour camera, a speaker and a microphone. This enables complete video security at the flat entrance.
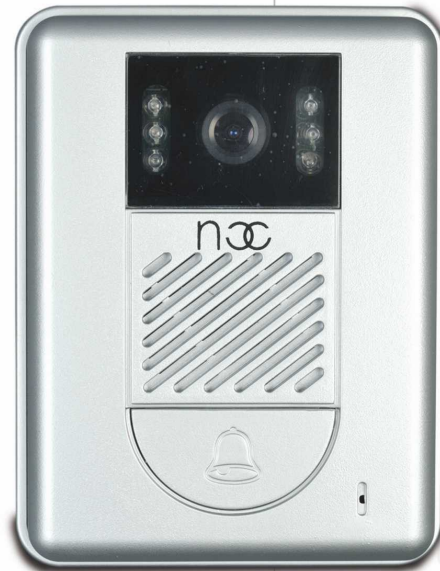

### Unit Specifications

The Vision Terminal unit comes with a Dial pad, Panic Switch, Porch unit and the 4 Zone security system.

**Porch Unit**    **Vision Terminal**    **Panic Switch**

**Magnetic Sensor**    **Gas Leakage Sensor**    **PIR Sensor**
