REVIEW

NCC Telecom Pvt Ltd is a design driven technology company and a leading smart home products & solution manufacturer. It houses two renowned brands viz; **Digital Dreams** and **Astron** – offering high quality smart home products at great prices.

And this is just the beginning, as we grow, we will continue to launch high quality, affordable smart home products that enrich people's lives and make technology accessible to everyone.

Our brand got us to where we are today, but we've grown and evolved so much that we need a more dynamic way to represent ourselves. We're excited to launch our new brand, but this is definitely not the end. We'll continue to evolve and grow so that we can keep building smart home products and solutions that help simplify home control while making it beautiful.

now is the right time  
to switch smart.
